Important

All about your information

This factheet is about **personal information**. **Personal information** is things like your name and your contact details. **Personal information** can also be private things about your health and your support needs.

We use sending this to explain all about the **personal information** we hold about you. We will tell you what we do with your information and explain your rights.

When you have read this you need to fill in our **Consent Form** to say you are happy to stay a member of Opening Doors and for us to keep your **personal information**.

If we do not get your form back the law says we cannot contact you again. If you change your mind about being a member of Opening Doors you can contact us.

What information do we hold about you?

We hold your name and contact details. If we support you then we will have other information like your health and support needs.

The law about who Opening Doors can contact has changed. The big yellow sheet explains this.

Please read this form carefully. You need to put a circle in the box for the answer you want to give.
